

ESPARDELLO

390333A 23" 3CCT LED Pendant Light

Make a bold yet graceful statement with the Espardello LED pendant light. From a sleek black metal canopy, fifteen crystal-clear glass spheres descend in a cascading formation, evoking the delicate beauty of floating bubbles. The spheres, crafted in varying sizes, capture and refract the light from above, creating a soft shimmer that dances throughout the room. Built with integrated LEDs in the canopy, the Espardello offers 3CCT color temperature options, allowing you to choose between warm, neutral, or cool white light to perfectly match your mood or setting. Whether you prefer a cozy golden glow or crisp daylight brightness, this fixture adapts with ease. Fully dimmable, the Espardello transforms from radiant centerpiece to soft ambiance in seconds. Ideal for grand entryways, staircases, or any space that craves a touch of elegance.
