

BERNABETA

39705A 2" Pendant Light

The Bernabeta single pendant captures clean, modern simplicity with refined detailing. A slim black cylinder is accented by a clear acrylic band with delicate bubble texture that emits ambient light outward, while the open bottom casts focused light below. This layered effect creates a distinctive glow that enhances any space. A replaceable LED GU10 light bulb is included for added convenience. Ideal on its own or grouped over kitchen counters, bar areas, or bedside tables.
