

CONTESSORE

39917A 25" Rectangular Table Lamp

The Contessore table lamp celebrates the beauty of natural materials with a timeless mix of texture and form. Crafted from solid paulownia wood, each base showcases one-of-a-kind grain patterns and organic edges, making every piece uniquely its own. The wood is lightweight, fast-growing, and sustainably sourced, offering both character and conscience. A crisp white fabric drum shade softens the light, while matte black accents add a modern edge. Ideal for nightstands, living spaces, or entryway consoles that call for warmth with a refined touch.
