

ALMUDAINA

900907A 4" LED Wall Sconce

The Almudaina LED wall light features a sleek black finish with a minimalist, tube-shaped shade mounted to a round backplate. The integrated LED emits a pleasant warm white glow, providing focused, functional lighting wherever you need it. The adjustable head allows you to direct light onto reading areas, artwork, or accent walls, offering both flexibility and style. A discreet rocker switch is conveniently located on the canopy for easy on/off control. Designed for versatility, this fixture includes the necessary hardware to install it as a hardwired light or to plug it into a standard outlet. Its clean, understated design pairs effortlessly with modern and contemporary interiors, making it a perfect choice for living rooms, bedrooms, offices, or hallways.
