

ONCALA

95981A 6" LED Exterior Wall Sconce

The Oncala LED outdoor wall light has a compact design perfect for modern homes. This black wall light has a white glass shade that diffuses a powerful 1000 lumen warm white light. Thanks to the integrated LEDs, this outdoor wall light is energy efficient consuming 80% less power than compared to incandescent light bulbs with same luminosity. Designed to be maintenance free, there are no light bulbs to change. Whether at your home's entrance or on the back porch, the Oncala will be sure to please with its discreet style.
